## COMMODORE'S REPORT

**H**ello CGSC and thank you for your continued support of our wonderful club!

This will be my first article as your new Commodore. I have big shoes to fill and I hope that I can perform as well for you and the club as the many fine people who have come before me. I want to extend a special thank you to Past Commodore Rob Carlson for helping me immensely as we all transition into this new year. Rob did an outstanding job wrangling the club last season and I hope I can navigate my way forward as well as he did.

The new board that you elected is ready to take the helm and I'd like to extend a thank you to our departing board members, Elizabeth Bernstein, Priska Urban, and Carlos Beckmann. All three of these people devoted a lot of thankless time and energy to the club over the last 3 years and they will be missed.

Taking their place are 3 great additions to the

board. They are Past Commodore Alyn Pruett, Past Commodore Bud Price, and Stacey Morris. These people all will add a lot of needed depth and experience to the board and we are lucky to have them.

Thank you to all the volunteers who tirelessly spend their time working to make the club a better place. Your efforts have made all the difference.

Here's to a great new season!

## VICE COMMODORE'S REPORT

**A**s I write this from the Rear Commodore's point of view, I realize that this is for the July Channel, when I will be the Vice Commodore. But what's in a title? As a member, most of us think in terms of what can we contribute to help make the club better. Whether on the bridge, the board, a committee member, or active club member, we all desire the club to represent the best in sailing and sportsmanship. We accomplish this through our volunteer efforts of the many members who donate their time, energy, and expertise.

This translates into the fact we successfully promote the club's sailing mission. The member use program makes it possible for getting butts in boats on the bay, as we like to joke. The Flying Scot fleet makes available sailing time to members regardless of experience. Access to Sunfish and Lasers let others have access to the bay in a variety of boats and opportunity for competition. The keel boats provide sailing instruction and day sailing, while the cruising boats give qualified members comfort on the water and potential for certifications. All this is only possible with the support

In a broader sense, all aspects of CGSC need the help and support of members. The annual work weekend is an important event where we help keep the facilities shipshape, while giving us a social occasion to meet members, old and new.

This leads to another aspect of the Coconut Grove Sailing Club as a social institution, albeit with a strong sailing theme. Take the effort to meet other members you may not know. Participate in committees and if you have a boat, go sailing. Invite other members as guests when the occasion presents itself.

We close out the 2021/2022 year as a strong club with an incredible sailing pedigree. With our member's support and effort, let's continue to make the club a welcoming sailing center for our Miami community.

## Flying Scots

This month ended the winter / fall series with 8 race days on the books. Seven of the 19 boats that signed up for the series had perfect attendance. With tight racing, not missing a race (and adding up to 15 points to your total) was a significant factor in placing well for the series. Philippe and Jason won the series with very consistent finishes and 18 total points. Bud, Gary and Bill were second with 23 points.

Obie, Paul and Joaquin were third with 26 points. The rest of the results are below. You will see that there were multiple scores that required tie breakers.

There are a couple of club Scots available for racing sponsorship. To find out how to get in on the fun contact Bud @ [BUD5220@GMAIL.COM](mailto:BUD5220@GMAIL.COM). Bud Price
